Equipped with several innovative features such as a Super LED Torch, OTG support, King Voice.

📹 The Smartpower it5612 from itel comes with a 2.4 inch QVGA display and supports four major languages including Hindi, English, Punjabi, and Gujarati, and comes equipped with BIG 2535 speaker.

itel Mobile has announced the launch of its latest feature phone, Smartpower it5612 at Rs 1,700. Equipped with several innovative features such as a Super LED Torch, OTG support, King Voice, a 0.3MP Rear Camera with flash, and a 2500mAh battery, the latest product from itel will focus on rural consumers.

The Smartpower it5612 from itel comes with a 2.4-inch QVGA display and supports four major languages including Hindi, English, Punjabi, and Gujarati, and comes equipped with BIG 2535 speaker. The Smartpower it5612 can charge other phones with its OTG support, acting as a powerbank. The phone also supports expandable memory up to 32GB using a t-card.

With Edge connectivity and Bluetooth 3.0, the phone gives rural users a chance to stay connected to their contacts through social apps such as Facebook and Palmchat. The company also offers a 100-day replacement guarantee and a 12-month warranty.
